1. INTRODUCTION

These Qualification Regulations (**Regulations**) describe in detail how athletes and teams can qualify for the Paris 2024 Paralympic Games in each of the twenty-two (22) sports on the Paris 2024 Paralympic Games Programme (**Games Programme**). It provides to the National Paralympic Committees (**NPCs**), to National Federations (**NFs**), to sports administrators, coaches and to the athletes themselves the conditions that allow participation in the pinnacle event of the Paralympic Movement.

These Regulations present:

- an overview of the Games Programme;
- the general IPC regulations on eligibility; and
- each International Federation's (**IF**) own specific qualification criteria for its sport (in alphabetical order).

STRUCTURE OF EACH IF'S SPORT-SPECIFIC QUALIFICATION CRITERIA

Each IF's own sport-specific section in these Regulations follows a standardised format. Readers can quickly locate information or cross-reference it between sports. The standard structure of each IF's sport-specific qualification criteria is as follows:

- Events
- Athlete Quotas
- Allocation of Qualification Slots
- Maximum Quota Allocation per NPC
- Athlete Eligibility (sport-specific)
- Maximum Entries per NPC
- Qualification System (in the order of slot allocation)
- Timeline
- Confirmation Process of Allocated Slots
- Reallocation of Unused Qualification Slots
- IF Contact Information

QUALIFICATION METHODS

There are a variety of qualification methods that IFs may decide to employ, which may depend on the nature and traditions of each sport.

In many sports, the participation of the host country is guaranteed via reserved slots. However, athletes representing the host country still need to comply with all eligibility requirements in order to enter the Paris 2024 Paralympic Games.

The following qualification methods based on performance may be used by IFs. Methods 1, 2 and 3 are referred to as **"direct slot allocations"** as they reward performance at one competition directly with a qualification slot.

1. Placement at World Championships
2. Placement at Regional/Zonal Championships or Regional Games
3. Placement in other IF sanctioned competitions or designated Paralympic qualifiers
4. Rank on a World or Regional Ranking List
5. Rank on a specific Paralympic Qualification Ranking List
6. Achievement of a Minimum Qualification Standard (**MQS**) with or without subsequent Quota Allocation Formula
7. Team Completion
8. Bipartite Commission Invitations

In the event of any inconsistency between IF qualification methods for the Paris 2024 Paralympic Games that are published elsewhere and the IF qualification methods listed in these Regulations, these Regulations will prevail.

QUESTIONS AND UPDATES

For questions regarding sport-specific qualification issues please contact the respective IF. Questions of a general nature can be addressed via email to the IPC Sports Department: juergen.padberg@paralympic.org. Occasional updates to these Regulations may be necessary. Updates are recorded at the end of these Regulations. For the latest version of these Regulations (see date on front page) please visit https://www.paralympic.org/paris-2024/qualification-regulations.

At any given time the only valid version of these Regulations is the one published on the IPC website.

OFFICIAL LANGUAGE

The official language of the IPC is English. If any organisation translates these Regulations for internal purposes the English version will prevail in case of discrepancy.

3. GENERAL IPC REGULATIONS ON ELIGIBILITY

In addition to each IF's own sport-specific athlete eligibility criteria, the IPC has established a set of general eligibility criteria that apply to all participants in the Paralympic Games. These general regulations are derived from the IPC Handbook. They ensure that the fundamental rights and obligations of the IPC and its membership are recognised and protected. The general IPC regulations on eligibility are as follows:

IPC MEMBERSHIP

Only NPCs in good standing with the IPC may enter duly qualified and eligible athletes in the Paris 2024 Paralympic Games. NPCs are also reminded that each NF must be in good standing with the NF's respective IF, as required by that IF.

COMPLIANCE WITH IPC NATIONALITY REGULATIONS

Any athlete in the Paris 2024 Paralympic Games must comply with the provisions of the IPC Nationality Regulations published in the IPC Handbook.

MINIMUM AGE REQUIREMENT

No minimum age limit for athletes competing in the Paralympic Games is stipulated by the IPC on a general basis. However, NPCs must note that an age limit may be established by IFs through their own sport-specific rules and athlete eligibility criteria (including those set out in the sport-specific sections of these Regulations). While the Paralympic Games welcomes the world's youth with an impairment, NPCs are encouraged to send to the Paralympic Games only athletes who are adequately prepared for high performance competition.

UNDERSTANDING AND AGREEING TO THE CONDITIONS OF PARTICIPATION

To be eligible for participation in the Paris 2024 Paralympic Games all athletes must sign, and agree to comply with, the IPC Conditions of Participation Agreement. This agreement is part of the NPC registration process.

NPC SELECTION STANDARDS

The IPC recognises and respects the right of NPCs to establish their own national selection standards for determining the qualification of an athlete or team to compete in the Paris 2024 Paralympic Games. Such standards must be compliant with those established by the IPC as well as those of each respective IF. Any national selection standards must also align with confirmation dates and administrative deadlines of the Organising Committee of the Olympic and

Paralympic Games (**OCOG**). All athletes and teams are equally subject to their respective NPC's selection standards.

COMPLIANCE WITH CLASSIFICATION RULES

Only qualified athletes who meet the relevant IF's sport-specific classification rules and have an appropriate sport class and sport class status will be eligible for entry in the Paris 2024 Paralympic Games. It is the responsibility of each NPC to ensure that its athletes are appropriately classified in their respective sports prior to entry and that each athlete holds a sport class and sport class status that complies with the IF's eligibility requirements as published in these Regulations. In particular, an athlete is only eligible to be entered in an event that is open to their respective sport class under the relevant IF's rules.

4. BIPARTITE COMMISSION INVITATIONS

While the primary method of implementing the Paralympic Games guiding principles (set out in the IPC Handbook) is through the standard qualification methods, the IPC and certain IFs have also sought to provide targeted qualification slot allocations through Bipartite Commission Invitations. Bipartite Commission Invitations are included in the overall athlete quotas of the relevant sports chapters as set out below.

Subject to the following, Bipartite Commission Invitations are granted by the IPC in its sole discretion following engagement with the relevant IF. To be eligible for a Bipartite Commission Invitation, in all circumstances:

(a) an athlete must meet the general IPC regulations on eligibility above and the IF's own sport-specific eligibility criteria below; and

(b) an athlete must meet the relevant IF's classification eligibility requirements and may only be granted a Bipartite Commission Invitation in relation to an event that is open to their respective sport class under the relevant IF's rules.

While at the sole discretion of the IPC, Bipartite Commission Invitations may typically consider the following factors:

- allowing the participation of top athletes who may not have had the opportunity to qualify through other methods due to extraordinary circumstances;
- ensuring the representation of athletes with high support needs;
- enabling greater representation by gender;
- ensuring medal events will have sufficient representation for event viability purposes; and/or
- optimising the presentation of a particular contest within its competition format and schedule.

Each Bipartite Commission Invitation is granted to an individual athlete, not to the respective NPC. All Bipartite Commission Invitation decisions are final with no opportunity for protest or appeal.

Where applicable, the timeline for submission and acceptance of Bipartite Commission Invitation applications is set out in the relevant IF's chapter of these Regulations.

5. REDISTRIBUTION OF VACANT QUALIFICATION SLOTS

Each IF confirms in writing to the NPCs the allocation of qualification slots that their teams and athletes have obtained. The NPCs then must confirm acceptance of their allocated slots by the deadline established in each IF's chapter of these Regulations. Any qualification slots not used by an NPC will be reallocated according to the method outlined in the respective IF's chapter of these Regulations.

Qualification slots that cannot be reallocated by the established deadlines or become vacant (following the reallocation deadline) may be redistributed at the sole discretion of the IPC to any sport on the programme and across gender categories. However, in all circumstances slot redistributions cannot be used to override:

a) the general IPC regulations on eligibility above; or
b) the IF's classification eligibility requirements, and slot redistributions may only be granted in relation to an event that is open to the athlete's respective sport class under the IF's rules.

Each slot redistribution is granted to an individual athlete, not to the respective NPC. All redistribution decisions are final with no opportunity for protest or appeal.

6. UNIVERSALITY WILD CARDS

In each edition of the Paralympic Games, the IPC aims to further the Paralympic Games guiding principle of universality and ensure representation of a maximum number of eligible member NPCs. This slot provision is called the Universality Wild Card (**UWC**) method and is by IPC invitation only.

UWC invitations are granted by the IPC in its sole discretion, and no athlete or NPC is entitled to receive a UWC. UWC invitations may be extended by the IPC if an NPC has either: (a) been unable to qualify any athletes; or (b) has obtained only one qualification slot across all sports on the Games Programme. A maximum of one male UWC and one female UWC may be granted if an NPC has been unable to qualify any athletes. A maximum of one female UWC may be granted if an NPC

has obtained only one qualification slot (irrespective of the gender associated with the slot).

In order to be considered for a UWC an athlete must meet the following criteria:

- comply with the general IPC regulations on eligibility above;
- comply with the relevant IF's classification eligibility requirements, and UWC invitations may only be granted in relation to an event that is open to the athlete's respective sport class under the IF's rules;
- meet all the IF's other sport-specific eligibility criteria (unless any such eligibility criteria are expressly waived by the IPC as part of the invitation); and
- be on the Accreditation Long List as described under Key Dates below.

Each UWC invitation is granted to an individual athlete, not to the respective NPC. If an NPC qualifies athletes via the regular qualification pathways after one of its athletes has been granted a UWC, that UWC is revoked and the athlete who qualified via the regular qualification pathway obtains the slot instead.

UWC invitations fall outside the athlete quotas by sport as published in these Regulations.

For the Paris 2024 Paralympic Games the IPC will only consider granting UWCs in the following sports:

- Para athletics
- Para swimming

All UWC decisions are final with no opportunity for protest or appeal.

The IPC will open the UWC application process around six months prior to the Paris 2024 Paralympic Games (in the spring of 2024).

7. KEY DATES

The following dates and deadlines have been established by the IPC and the Paris 2024 OCOG:

BEGINNING OF QUALIFICATION PERIOD: 01 JANUARY 2022

Subject to the following, each IF will determine its own qualification period during which athletes and teams can attain results and rankings that count towards qualification for the Paris 2024 Paralympic Games:

a) No IF may establish a qualification period that begins prior to 01 January 2022, whereby direct slot allocations (as defined above) are obtained by athletes or teams for the Paris 2024 Paralympic Games.

b) Results attained before this date cannot be considered for qualification to the Paralympic Games. Exemptions may be granted by the IPC under exceptional circumstances. However, results and rankings from the Tokyo 2020 Paralympic Games must not contribute to athlete qualification for the Paris 2024 Paralympic Games.

c) Participation in a competition during the qualification period may depend on results achieved prior to the beginning of the respective sport's qualification period.

ACCREDITATION DEADLINE: 3 MAY 2024

Each NPC must submit to the Paris 2024 OCOG complete information about every potential delegation member who may attend the Paris 2024 Paralympic Games. This "Accreditation Long List" includes athletes (including, but not limited to, duly qualified, replacements, substitutes, bipartite candidates, UWC candidates), competition assistants (such as guide runners, tandem pilots, goalkeepers, Boccia assistants), coaches, team physicians, administrators, physiotherapists, caretakers, press attachés, Paralympic attachés, Chefs de Mission, NPC Presidents, NPC Secretaries General and accompanying guests. Only athletes who are registered for accreditation by 3 May 2024 can be entered into the Paris 2024 Paralympic Games by the sport entries deadline (see below).

SPORT ENTRIES DEADLINE: 5 AUGUST 2024

Sport entries is the official registration process for qualified athletes selected to participate in the Paralympic Games. Any athlete an NPC may choose to enter must meet all applicable eligibility criteria by the time the entry is made. The athlete must also be on the "Accreditation Long List" (see previous section). The last possible day to meet the applicable eligibility criteria is 5 August 2024. Sport entries will close at 23:59h, Paris time, on 5 August 2024.

ALLOCATION OF QUALIFICATION SLOTS

An athlete may only obtain a maximum of one qualification slot. The qualification slot is allocated to the NPC not to the individual athlete with the exception of Bipartite Commission Invitation slots which are allocated to the individual athlete not to the NPC.

To ensure all medal events on the programme are viable at the Paris 2024 Paralympic Games, World Para Athletics (**WPA**) reserves the right – through any allocation method - to allocate slots to the exclusive use of certain sport classes determined by WPA, for example for athletes with high support needs. Such ("ring-fenced") slots shall be used as allocated or the respective NPC must return the slot to WPA.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC can be allocated a maximum of forty (40) male qualification slots and thirty-three (33) female qualification slots. Exceptions may be granted through the Bipartite Commission Invitation method. If an NPC is unable to use all of the allocated qualification slots in a given gender, the unused slots cannot be transferred to the other gender. They will be reallocated in the respective gender to other NPCs through the Bipartite Commission Invitation method.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC, athletes must:

1. hold an active WPA Athlete Licence for the 2024 season;
2. be internationally classified before 5 August 2024 in an eligible Sport Class with a Sport Class Status of (i) Confirmed; or (ii) Review with a Fixed Review Date of 2025 or later; and
3. have achieved one (1) Minimum Entry Standard (**MES**) performance at a WPA Recognised Competition for each of their respective events between 1 October 2022 and 4 August 2024 (inclusive) in accordance with the terms of the WPA Athlete Licensing Regulations valid for the 2022-2024 seasons.

Exceptions may be granted to criterion 3 above via the Bipartite Commission Invitation method.

To be eligible for a relay event, athletes must be entered into an individual event.

MAXIMUM ENTRY PER NPC

An NPC may enter a maximum of three (3) eligible athletes per individual medal event provided each has achieved at least a MES performance in that event.

NPCs may enter a maximum of one (1) team in the relay medal event.

NPCs may enter a maximum of six (6) eligible athletes in each marathon medal event. A maximum of three (3) athletes per NPC may enter each marathon medal event as their <u>only</u> event.

NPCs may enter an eligible athlete in an unlimited number of individual medal events as long as the athlete has achieved a MES performance in each respective event.

QUALIFICATION SYSTEM

Qualification slots will be allocated in the following order:

METHOD	QUALIFICATION	TOTAL
2023 Marathon World Championships Allocation	The top six (6) ranked athletes at the 2023 Para athletics Marathon World Championships in each medal event on the Paris 2024 Games Programme each obtain one (1) qualification slot for their respective NPC. In the case that this competition does not take place, or fewer slots are allocated through this method than available in the quota, WPA will	12 male athletes 12 female athletes

	allocate the remaining slots via the High Performance Allocation method (see below).	
2023 World Championships (Track and Field) Allocation	The top four (4) ranked athletes at the 2023 Para athletics World Championships in each of the individual medal events on the Paris 2024 Games Programme (excluding the marathon events) will each obtain one (1) qualification slot for their respective NPC. In the case that an athlete is ranked in top four (4) places in more than one medal event, the athlete can only obtain one (1) qualification slot for their NPC. Athletes who have obtained a qualification slot through the previous allocation method(s) cannot obtain an additional slot for their NPC through this allocation method or vice versa. In the case that this competition does not take place, or fewer slots are allocated through this method than available in the quota, WPA will allocate the remaining slots via the High Performance Allocation method (see below).	360 male athletes 292 female athletes
2024 World Championships (Track and Field) Allocation	The top two (2) ranked athletes at the 2024 Para athletics World Championships in each of the individual medal events on the Paris 2024 Games Programme (excluding the marathon events) will each obtain one (1) qualification slot for their respective NPC. In the case that an athlete is ranked first or second in more than one medal event, the athlete can only obtain one (1) qualification slot for their NPC. Athletes who have obtained a qualification slot through the previous allocation method(s) cannot obtain an additional slot for their NPC through this allocation method or vice versa. In the case that this competition does not take place, or fewer slots are allocated through this method than available in the quota, WPA will	180 male athletes 146 female athletes

	allocate the remaining slots via the High Performance Allocation method (see below).	
High Performance Allocation	WPA will release a set of High Performance Standards ("HPS") by 1 October 2023. Athletes who achieved these Standards at a WPA Recognised Competition between 1 October 2022 and 16 June 2024 but who have not obtained a qualification slot for their respective NPC through the aforementioned methods will be considered to determine the High Performance Allocation of slots. HPSs are only recognised for athletes who were licensed at the time they achieved the result and who hold an international Sport Class Status of Review, Review with a Fixed Review Date, Confirmed as of 16 June 2024. If more athletes have achieved a HPS than the total number of qualification slots available under this method, then the qualification slots will be allocated as follows: **Male Allocation*:** A x (B ÷ C) **Female Allocation*:** A x (B ÷ C) A – Number of athletes** with a high performance per gender per NPC B – Total number of available qualification slots per gender C – Total number of athletes** with a high performance per gender for all NPCs **WPA reserves the right to round up or down in order to achieve the required allocation of qualification slots per gender.* ***Only athletes who have not obtained a slot via the aforementioned qualification methods will be considered for the High Performance Allocation.* In the case more qualification slots are available in a gender than the number of eligible athletes who have achieved an HPS, the remaining slots	27 male athletes 30 female athletes

	will be allocated via the Bipartite Commission Invitation method.	
Bipartite Commission Invitation	Five (5) eligible male athletes and five (5) eligible female athletes will be considered by the IPC and WPA for Bipartite Commission Invitation slots. ALLOCATION OF QUALIFICATION SLOTS

The qualification slot is allocated to the individual athlete or Doubles pair, not to the NPC.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC may be allocated a maximum of ten (10) male and ten (10) female qualification slots for a maximum total of twenty (20) slots. Exceptions may be granted via the Bipartite Commission Invitation method.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC, athletes must:

- Be internationally classified in an eligible Sport Class with a Sport Class status of (i) 'Confirmed', or 'Review' with a Fixed Review Date after 31 December 2024;

To be eligible for selection for a singles event, athletes must

- have participated in their relevant singles event at a minimum of three (3) designated qualifying tournaments counting towards the Race to Paris Paralympic Games Singles Ranking List published on 2 April 2024.

Exception is made if a player qualifies in doubles or mixed doubles and is required to play singles;

To be eligible for selection for a doubles event, athletes/pairs must:

- have participated in their relevant doubles or mixed doubles event with their partner at a minimum of three (3) designated qualifying tournaments counting towards the Race to Paris Paralympic Doubles and Mixed Doubles Ranking list published on 2 April 2024. Exception is made if the BWF invites qualified singles players to create a doubles or mixed doubles pair.

MAXIMUM ENTRY PER NPC

An NPC can enter a maximum of one (1) Doubles pair comprised of two (2) athletes per Doubles event which must have qualified via the Race to Paris Paralympic Doubles Ranking List. Exceptions may be granted via the Bipartite Commission Invitation method or if the BWF – in its sole discretion - invites players already qualified in the singles events to create a doubles pair to be added to the events. Not more than two (2) doubles pairs per NPC can enter a doubles event.

An NPC can enter a maximum of one (1) Mixed Doubles pair comprised of two (2) athletes in the Mixed Doubles event which must have qualified via the Race to Paris Paralympic Mixed Doubles Ranking list. Exceptions may be granted via the Bipartite Commission Invitation method or if BWF – in its sole discretion - invites players already qualified in the singles events to create a mixed doubles pair to be added to the events. Not more than two (2) mixed doubles pairs per NPC can enter a mixed doubles event.

An NPC can enter one (1) eligible athlete per Singles event if they qualify via the Race to Paris Paralympic Singles Ranking qualification method.

Athletes invited through Bipartite Commission Invitation may enter an event even if there are already two athletes invited via other qualification methods. Not more than three (3) players from the same NPC will be entered into a singles event.

Entry into Singles Events from Doubles

Both players from a Wheelchair pair that qualifies for their Men's or Women's Doubles event automatically gain entry into their respective Singles events and are obligated to play in those events.

Every male SL3, SL4, SU5 and SH6 player who qualifies in the Mixed Doubles event automatically gains entry into their respective Singles event and is obligated to play in that event.

Every female SL3, SL4, SU5, SH6 player who qualifies in the Mixed Doubles event automatically gains entry into their respective Singles event and is obligated to play in that event.

Entry into Doubles Events from Singles

If qualified athletes in singles in WH1 and WH2 (both male and female) come from the same NPC the BWF may decide – in its sole discretion - to invite a maximum of two (2) WH1-WH2 Doubles pairs per NPC (in both male and female) to enter. If more than two (2) Doubles pairs with athletes from the same NPC can be created from the athletes qualifying in singles the Bipartite Commission – in its sole discretion - will decide how many and which Doubles pairs will be invited to enter.

If qualified athletes in singles in SL3, SL4 and SU5 (both male and female) come from the same NPC the BWF – in its sole discretion - may decide to invite additional SL3-SU5 Mixed Doubles pairs to enter. ALLOCATION OF QUALIFICATION SLOTS

The qualification slot is allocated to the NPC, not to the individual athlete. An athlete can only obtain one (1) qualification slot for their NPC.

An athlete can only obtain a qualification slot for his/her NPC during the qualifying competition if he/she has a 'Confirmed' status or a 'Review with a Fixed Review Date' status after 31 December 2024 at the qualifying competition.

If an athlete attains a qualifying rank in both a Kayak and a Va'a medal event at the same qualification event, the NPC is allocated the Va'a qualification slot while the Kayak qualification slot is allocated to the next highest ranked athlete in the respective Kayak event (not otherwise qualified).

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC can be allocated a maximum of one (1) qualification slot per medal event. An NPC can obtain a maximum of five (5) male and five (5) female slots.

There must be a minimum of three (3) continents represented in each medal event at the Paris 2024 Paralympic Games (*ICF Three Continents Rule*). Should three (3) continents not be represented then the lowest ranked qualified NPC at the 2024 ICF Paracanoe World Championships will lose their slot in the respective medal event and the qualification slot will be given to the highest ranked NPC from

another continent not represented in that event. This process will be repeated until three (3) continents are represented in all medal events. Host Country slots will count as representing a continent.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC, athletes must:

- be internationally classified in an eligible Sport Class with a Sport Class Status of (i) Confirmed; or (ii) Review with a Fixed Review Date after 31 December 2024;
- have competed in the 2023 ICF Paracanoe World Championships or the 2024 ICF Paracanoe World Championships.

MAXIMUM ENTRY PER NPC

An NPC must enter a minimum of one (1) eligible athlete per medal event for which a qualification slot was obtained. An athlete may be entered in a second medal event of the other boat category (Kayak or Va'a) as long as they hold the required sport class for that additional event and also meet the above eligibility requirements. An NPC may enter a maximum of two (2) eligible athletes per medal event.

An athlete may enter a maximum of two (2) medal events, one Kayak and one Va'a, as long as the athlete meets all classification and eligibility requirements for both events.

QUALIFICATION SYSTEM

Qualification slots will be allocated in the following order:

METHOD	QUALIFICATION	TOTAL
2023 World Championships Qualification	The top six (6) ranked athletes in each medal event obtain one (1) qualification slot for their NPC up to the maximum quota.	30 male athletes 30 female athletes
2024 World Championships Qualification	The top four (4) ranked athletes in each medal event (not yet qualified) each obtain one (1) qualification slot for their NPC up to the maximum quota. The number of slots allocated via this method is subject to the allocation of Host Country slots (see below).	Up to 20 male athletes Up to 20 female athletes

	Note: The seeding of heats at the Paris 2024 Paralympic Games will be based upon the results ranking of qualified NPCs at the 2024 ICF Paracanoe World Championships. In the event the 2024 ICF Paracanoe World Championships is not held, or an event is not offered, the respective slots will be allocated to the next highest ranked and not otherwise qualified NPCs in the same medal event at the 2023 ICF Paracanoe World Championships.	
Host Country Allocation	The host country directly qualifies one (1) eligible male athlete in Kayak, one (1) eligible female athlete in Kayak, one (1) eligible male athlete in Va'a and one (1) eligible female athlete in Va'a, subject to participation in the 2024 ICF Paracanoe World Championships. The Host Country slots will be awarded from the events in which the host country has had the highest ranked performance at the 2024 ICF Paracanoe World Championships. In case the host country has more than one athlete in the same gender and boat category with the same rank at the 2024 ICF Paracanoe World Championships, the host country must then select from which medal event it wants to obtain the qualification slot. These slots will be deducted from the 2024 World Championships Qualification quota in the respective medal event and gender. Should the host country obtain any qualification slot at the 2023 or 2024 ICF Paracanoe World Championships the host country will not receive a qualification slot for the respective boat category and gender, under the Host Country Allocation method. An NPC can enter a maximum of one (1) team per Team medal event.

QUALIFICATION SYSTEM

Qualification slots will be allocated in the following order:

<table>
<tr><th>METHOD</th><th>QUALIFICATION</th><th>TOTAL</th></tr>
<tr><td>2022 UCI Nations Ranking Allocation</td><td>The highest ranked NPCs on the UCI Para-cycling Nations Ranking Lists for each gender combined (Road and Track) closing 31 December 2022 each obtain one (1) qualification slot up to the maximum regional quotas below:

<tr><td>Europe</td><td>23</td><td>14</td></tr>
<tr><td>Americas</td><td>10</td><td>5</td></tr>
<tr><td>Asia</td><td>7</td><td>4</td></tr>
<tr><td>Oceania</td><td>3</td><td>2</td></tr>
<tr><td>Africa</td><td>4</td><td>3</td></tr>
<tr><td>Total</td><td>47</td><td>28</td></tr>
</table>
In order to maintain their slot(s) allocated under this method, NPCs must have had at least one (1) athlete for each allocated gender slot participating in one (1) of the following competitions:

2023 UCI Para-Cycling Track World Championships
2023 UCI Para-Cycling Road World Championships
</td><td>47 male athletes
28 female athletes</td></tr>
</table>

	• Any 2023 or 2024 UCI Para-Cycling Road World Cup prior to 30 June 2024 • 2024 UCI Para-Cycling Track World Championships Any slots not allocated under this method will be allocated via the 2023/2024 UCI Paralympic Ranking Allocation method. The same applies for qualification slots which could not be confirmed due to an athlete not participating in one (1) of the above-listed events.	
2024 UCI Paralympic Ranking Allocation	A combined (Road and Track) ranking called the 2024 UCI Paralympic Ranking will be used to allocate all remaining slots except for five (5) male and five (5) female bipartite slots. Events included in the 2024 UCI Paralympic Ranking will be the 2023 UCI Para-cycling Road World Championships, the 2023 and 2024 UCI Para-cycling Track World Championships, and the 2023 and 2024 UCI Para-cycling Road World Cups taking place prior to 30 June 2024. A maximum of 3 athletes per nation per sport class will score points at each of the above competitions. The factor used to calculate the number of male qualification slots allocated through the 2024 UCI Paralympic Ranking Allocation method will be determined by adding the ranking points of all NPCs on the UCI Para-cycling Ranking closing 30 June 2024, and then dividing the total by the number of available male qualification slots. Each NPC's points will then be divided by this factor to calculate the number of male qualification slots for each NPC, up to a maximum of thirteen (13). The factor used to calculate the number of female qualification slots allocated through the 2024 UCI Paralympic Ranking Allocation method will be determined by adding the ranking points of all NPCs on the UCI Para-cycling Ranking closing 30 June 2024, and then dividing the total by the number of available female qualification	88 male athletes 47 female athletes

	slots. Each NPC's points will then be divided by this factor to calculate the number of female qualification slots for each NPC, up to a maximum of seven (7). UCI reserves the right to make minor adjustments to the factor in order to achieve the intended total allocation of male and female qualification slots. In most instances the allocation figure will be rounded up to the next whole number. However, at UCI's discretion allocation figures with .40 or below may be rounded down.	
Bipartite Commission Invitation Allocation	Five (5) eligible male athletes and five (5) eligible female athletes will receive Bipartite Commission Invitation slots. To be considered for a Bipartite Commission Invitation, NPCs must submit an official application in writing to UCI by 1 July 2024.	5 male athletes 5 female athletes

ALLOCATION OF QUALIFICATION SLOTS

The qualification slot is allocated to the NPC, not to the individual athlete or team. In the case of a Bipartite Commission Invitation the qualification slot is allocated to the individual athlete, not to the NPC.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC may be allocated a maximum of four (4) qualification slots.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC, athletes must:

- Be internationally classified with a 'Confirmed' sport class status or a 'Review' sport class status with a review date after 31 December 2024.

To be eligible for selection by an NPC, athlete/horse combinations must:

- Have achieved at least one (1) sixty-four (64) percent score at a FEI Para Equestrian 3* or above event in an Individual or Team competition between 1 January 2022 and 31 December 2022 or have achieved at least one (1) sixty-four (64) percent score at a FEI Para Equestrian 3* or above event in a Grand Prix Test A or Grand Prix Test B from 1 January 2023 to 19 June 2024.

MAXIMUM ENTRY PER NPC

An NPC can enter a maximum of four (4) eligible athletes in Individual medal events. An NPC can enter one eligible team in the Team medal event.

For the Team medal event, three (3) athletes, who also must be entered in their respective Individual medal events, may compete for each NPC. At least one (1) team member shall be an eligible athlete in either sport class Grade I or sport class Grade II or sport class Grade III. In order to form a team, an NPC can enter a maximum of two (2) eligible athletes per sport class.

If an NPC obtains three (3) or more individual qualification slots (by means of Regional Distribution of Individuals and/or Bipartite Commission Invitations), then all slots may be used for athletes competing only in Individual medal events if the selected athletes do not fulfil the criteria to form a team. If an NPC enters three (3) or more athletes who meet the criteria required to form a team, then that NPC must compete in the Team medal event.

QUALIFICATION SYSTEM

Qualification slots will be allocated in the following order:

In case a Continental Qualification Regatta is not held the respective slots will be allocated to the highest ranked NPC from that region at the	8 male athletes 8 female athletes

	2023 World Rowing Championships, up to a maximum of one (1) slot per NPC. QUALIFICATION PRINCIPLES

Only those countries that have not qualified any boats at the 2023 World Rowing Championships shall be eligible to participate in the Continental Qualification Regattas. There will be no restriction on who may participate in the Final Qualification Regatta. This means that those NPCs that have participated in the Continental Qualification Regatta in an event but not qualified may compete again in the same event at the Final Qualification Regatta.

An eligible NPC may only enter one (1) boat per event at the relevant Continental Qualification Regatta and at the Final Qualification Regatta.

An NPC will be allowed to qualify a maximum of one (1) boat through the Continental Qualification Regatta. If an NPC achieves more than one qualifying place at a Continental Qualification Regatta, it is the highest-ranking boat from the NPC that qualifies for the Paralympic Games. If two boats have equal rank in qualifying places, then the NPC must select the boat that will qualify for the Paralympic Games.

In the case where two boats from an NPC achieve a qualifying place at the Continental Qualification Regatta, the qualification place of the boat that is not selected by the NPC to qualify for the Paralympic Games passes to the next highest ranked boat in that event.

There shall be no restriction on the number of boats which an NPC may qualify at the 2023 World Rowing Championships and the Final Qualification Regatta up to the entry limit of one boat per NPC per medal event at the Paralympic Games.

QUALIFICATION SYSTEM

An athlete may only obtain one (1) qualification slot for his/her NPC. An NPC may obtain a maximum of two (2) qualification slots per medal event across all Qualification Competitions. The maximum number of events that an athlete may compete in is three (3).

Direct slots may be obtained at the 2022 & 2023 WSPS World Championships, at five (5) Regional Qualification Tournaments and at three (3) WSPS Shooting World Cups in 2022-2024 designated as Qualifiers for the Paris 2024 Paralympic Games, as set out below ("**Qualification Competitions**"). A direct slot may only be obtained if the result is equal to or higher than the Minimum Qualification Score (MQS) in that medal event. Any slot that cannot be allocated due to this restriction will be allocated via the Bipartite Commission Invitation method. Direct slots are obtained in chronological order at each Qualification Competition.

Direct slots are gender-specific or gender-free and qualify for entry in the medal event at the Paris 2024 Paralympic Games in which they were originally obtained. Athletes may enter additional medal events, if they have achieved a Minimum Qualification Score (MQS) in the respective medal events in at least one (1) WSPS Recognised Competition between 1 January 2022 and 15 July 2024.

If any Qualification Competition does not take place, WSPS may identify an alternative competition to designate as a replacement Qualification Competition at its discretion. Any direct slots not allocated by 25 June 2024 will be allocated via the Bipartite Commission Invitation allocation method.

The distribution of direct slots is detailed in the following table (subject to the full details set out below):

ALLOCATION OF QUALIFICATION SLOTS

The qualification slot is allocated to the NPC not to the individual athlete, with the exception of Bipartite Commission Invitation slots which are allocated to the individual athlete, not to the NPC.

To ensure all medal events on the program are viable at the Paris 2024 Paralympic Games World Para Swimming ("WPS") reserves the right to allocate slots to the exclusive use of certain sport classes determined by WPS, for example for athletes with high support needs. The slot shall be used as allocated or the NPC must return the slot to WPS.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC can be allocated a maximum of thirty-four (34) male qualification slots and a maximum of twenty-eight (28) female qualification slots for a maximum total of sixty-two (62) qualification slots per NPC. Exceptions may be granted through the Bipartite Commission Invitation Allocation method.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC athletes must:

1. hold a World Para Swimming Athlete License for the 2024 season;
2. be internationally classified before 30 June 2024; in an eligible Sport Class with a Sport Class Status of (i) Confirmed or (ii) Review with a Fixed Review Date of 2025 or later;

3. have achieved a Minimum Qualification Standard ("MQS") at a 50m World Para Swimming Recognised Competition (as defined in the World Para Swimming Rules & Regulations) for the respective event (including relay events) between 1 October 2022 and 28th July 2024 (inclusive);
4. have achieved a MQS in accordance with the World Para Swimming Athlete Registration and Licensing Regulations valid for the 2022-2024 seasons;
5. have competed in: (i) at least one (1) Para Swimming World Series between 1 October 2022 and 30 June 2024 (inclusive); and (ii) one (1) of the following competitions between 1 October 2022 and 30 June 2024 (inclusive):
    - any World Para Swimming World Championships;
    - any World Para Swimming Regional or Regional Open Championships;
    - 2022 Asian Para Games; or
    - 2023 Parapan American Games.

Exceptions may be granted to criteria 3, 4 and 5 (shown above) through the Bipartite Commission Invitation Allocation method.

MAXIMUM ENTRY PER NPC

An NPC may enter a maximum of three (3) eligible athletes per individual medal event.

NPCs may enter their eligible athletes who have met at least one (1) MQS in an unlimited number of medal events, subject to the athlete having met the Minimum Entry Time (MET) for each event entered into.

NPCs may enter a maximum of one (1) team in each relay event, subject to the MQS for that relay event having been met. All team members must have entered at least one (1) individual medal event to be selected as part of the relay team.

QUALIFICATION SYSTEM

Qualification slots will be allocated in the following order:

METHOD	QUALIFICATION	TOTAL
2023 World Championships Allocation	The top two (2) ranked athletes at the 2023 World Para Swimming World Championships in each of the Individual medal events on the Paris 2024 Paralympic Programme will each obtain one (1) qualification slot for their respective NPC. In the case that an athlete is ranked first or second in more than one medal event, they will	142 male athletes 128 female athletes

	only obtain one (1) qualification slot for their NPC. In the case that fewer slots are allocated through this method than available in the quota, WPS will allocate the remaining slots via the MQS Slot Allocation Method.	
MQS Slot Allocation	Athletes who achieved an MQS performance at a World Para Swimming Recognised Competition between 1 October 2022 and 31 January 2024 but who did not obtain a slot through the 2023 World Championships Allocation method for their respective NPC will be considered to determine the NPC's MQS Qualification Allocation slots. An NPC may be allocated no more than one (1) qualification slot per athlete even if the athlete has achieved an MQS in multiple events. If more athletes have achieved an MQS than the total number of qualification slots available under this method, then the qualification slots will be allocated as below. The highest ranking of the athlete in any Individual medal event on the WPS World Ranking List closing 31 January 2024 will be taken into account (weighted) to determine the final number of slots allocated to each NPC: Rank 1-8 equals 1 Rank 9-12 equals 0.8 Rank 13-16 equals 0.6 Rank above 16 equals 0.5 **Male:** A x (B ÷ C) = NPC Allocation <u>A:</u> NPC's total number of male athletes with an MQS (based on the weight of their rank) who have not obtained a slot through the 2023 World Championships Allocation method. <u>B:</u> Total number of available male qualification slots	178 male athletes 147 female athletes

	C: Total number of male athletes with an MQS (based on the weight of their rank) who have not obtained a slot through the 2023 World Championships Allocation method. **Female:** D x (E ÷ F) = NPC Allocation D: NPC's total number of female athletes with an MQS (based on the weight of their rank) who have not obtained a slot through the 2023 World Championships Allocation method. E: Total number of available female qualification slots F: Total number of female athletes with an MQS (based on the weight of their rank) who have not obtained a slot through the 2023 World Championships Allocation method. WPS reserves the right to round up or down in order to achieve the required allocation of qualification slots per gender. Any qualification slot not allocated under this method will be distributed through the Bipartite Commission Invitation Allocation method.	
Bipartite Commission Invitation Allocation	Five (5) eligible male athletes and five (5) eligible female athletes will be considered for Bipartite Commission Invitation qualification slots. To be considered for a Bipartite Commission Invitation slot, NPCs must submit an official application in writing to WPS by 16 April 2024.	5 male athletes 5 female athletes
Total		**325 male athletes** **280 female athletes**

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC, athletes must:

- meet the requirements of the International Table Tennis Federation (ITTF) Tournament Credit System in effect for the qualification period (1 January 2023 to 31 March 2024). This requirement does not apply to:
  - Athletes qualified via the World Qualification Tournament, and
  - Athletes selected by the Bipartite Commission.
- be ranked on the ITTF Para Table Tennis Ranking List of 1 April 2024
- be internationally classified with a 'Confirmed' sport class status or a 'Fixed Review Date' sport class status with a review date after 31 December 2024.

TOURNAMENT CREDIT SYSTEM

Players are required to participate in a minimum number of events in the qualification period depending on the continent their NPC belongs to:

- Players from Africa, Americas, and Oceania: 2 events
- Players from Asia: 3 events
- Players from Europe: 4 events

Participation in the tournament will be counted independently by event:

- To obtain a slot through one of the single slot allocation methods, only participation in the single events will count.
- To obtain a slot through the doubles slot allocation method, only participation in the doubles events will count.

MAXIMUM ENTRY PER NPC

An NPC can enter a maximum of two (2) eligible athletes per singles event.

An NPC can enter a maximum of two (2) eligible pairs per doubles event and two (2) eligible pairs per mixed doubles event, formed by two (2) eligible athletes who may also be entered in the singles events up to the limit of two (2) athletes per singles event.

QUALIFICATION SYSTEM

The order of priority to assign the qualification slots will be the following:

1. VIRTUS Global Games (class 11 only)
2. Regional Championships
3. Individual World Ranking
4. Doubles World Ranking
5. World Qualification Tournament
6. Bipartite Invitations

Qualification slots will be allocated as follows:

METHOD	QUALIFICATION	TOTAL
VIRTUS Global Games 2023 Allocation	The top ranked male athlete in the singles class 11 event from the Virtus Global Games 2023 obtains one (1) slot. The top ranked female athlete in the singles class 11 event from the Virtus Global Games 2023 obtains one (1) slot. If the VIRTUS Global Games 2023 are not conducted, or an event is not held, the qualification slot(s) will be allocated via the ITTF PTT Ranking List Allocation method.	1 male athlete 1 female athlete
2023 ITTF PTT Regional	The top ranked male athlete in each singles event from the following 2023 ITTF PTT Regional Championships obtains one (1) slot:	55 male athletes

Championships Allocation	• Africa • Americas • Asia • Europe • Oceania The top ranked female athlete in each singles event (excluding WS1) from the following 2023 ITTF PTT Regional Championships obtains one (1) slot: • Africa • Americas • Asia • Europe • Oceania Singles events at the 2023 ITTF PTT Regional Championships may include different sport class combinations from those at the Paralympic Games. In such cases, the top ranked player in the respective singles event will be allocated the 2023 ITTF PTT Regional Championships qualification slot for his/her respective sport class. For those athletes competing in the same singles event under a different sport class, the qualification slot will be allocated to the highest ranked athlete from that region on the ITTF PTT Male and Female Ranking List of 1 April 2024. If a 2023 ITTF PTT Regional Championships is not conducted, or an event is not held, the qualification slot(s) will be allocated to the highest ranked eligible athlete from that region in the respective class on the ITTF PTT Male and Female Ranking List of 1 April 2024. If the top ranked class 11 athlete is already qualified via the VIRTUS Global Games 2023, the Regional slot will not be assigned to the next ranked athlete, it will instead be allocated via the ITTF PTT Ranking List Allocation method. Any slot that cannot be allocated via this method will be allocated (regardless of region) via the ITTF PTT Ranking List Allocation method.	50 female athletes

CONFIRMATION PROCESS OF ALLOCATED SLOTS

By 15 April 2024 and 3 June 2024 respectively each NPC must confirm to ITTF in writing (email is accepted) the number of qualification slots for selected players which they will use. NPCs that have not replied by these dates will have lost their qualification slots, and the ITTF may reallocate these slots.

By 1 July 2024 it is officially declared that the respective NPCs will use the allocated slots for the Paris 2024 Paralympic Games. Any NPC that does not use its allocated slots may be subject to sanctions by IPC and ITTF.

REALLOCATION OF UNUSED QUALIFICATION SLOTS

Any qualification slots that are not used by the respective NPC will be reallocated as follows:

Slots allocated at the 2023 VIRTUS Global Games, 2023 ITTF PTT Regional Championships or the World Qualification Tournament

Any qualification slots obtained through the individual qualification method and not used by the respective NPC will be reallocated to the next highest ranked athlete(s) from that respective competition (not otherwise qualified). If no eligible athlete is available, the slot(s) will be reallocated to the next highest ranked athlete(s) on the ITTF PTT Ranking List of 1 April 2024.

Slots allocated through the ITTF PTT Singles Ranking List Allocation Method

Any qualification slots that are not used by an NPC will be reallocated by the ITTF to the next highest ranked athlete on the ITTF PTT Male and Female Singles Ranking Lists of 1 April 2024.

Slots allocated through the ITTF PTT Doubles Ranking List Allocation Method

Any qualification slots that are not used by an NPC will be reallocated by the ITTF to the next highest ranked athlete on the ITTF PTT Male and Female Doubles Ranking Lists of 1 April 2024. If no eligible athlete is available, the slot(s) will be reallocated via the Bipartite Commission Invitation Allocation method.

TIE SOLVING METHOD FOR RANKING SLOTS

Qualification by Ranking will be taken from the ITTF Para Table Tennis Ranking Lists of 1 April 2024. If two or more players or pairs have the same ranking position, ties shall be broken as follows for qualification purposes:

- The ranking positions of the players or pairs in previous months until the tie is broken;

- If there is still a tie, the player or pair with more victories in the qualification period;
- If there is still a tie, the qualification slot will be decided by lot.

APPLICATION FOR DOUBLES SLOTS

An athlete can obtain a qualification slot through the men's doubles ranking or women's doubles ranking (mixed doubles ranking is not considered). Any player qualified through a doubles ranking will be allowed to play singles and vice versa.

Allocation of a qualification slot through the ITTF PTT Doubles Ranking List Allocation method as well as subsequent entry into a doubles event require an application from the players' NPC. The application period will go from 1 January 2024 until 31 May 2024.

The application must include the names of both players who will form a pair and the doubles event that they will enter. Entry permission by ITTF will be decided based on the sum of rating points of both members of the pair. No player will receive a qualification slot through the ITTF PTT Doubles Ranking List Allocation method if he or she does not have a partner designated by their NPC.

For each athlete, there is one preferred doubles event that the athlete may enter based on the athlete's sport class. The table of priorities is the following:

Male doubles	Event with priority
Class 2	MD4
Class 3	MD4
Class 4	MD8
Class 5	MD8
Class 6	MD14
Class 7	MD14
Class 8	MD14
Class 9	MD18
Class 10	MD18

Female doubles	Event with priority
Class 2	WD5
Class 3	WD5
Class 4	WD5
Class 5	WD10
Class 6	WD14
Class 7	WD14
Class 8	WD14
Class 9	WD20
Class 10	WD20

Doubles entries shall be awarded to players who intend to enter in the prioritised event. If there are not enough applications for a particular prioritised event, the doubles entries shall be awarded to players who have applied to enter other events.
